

# Southborough Education Foundation

## 2005 ~ 2006 Membership Drive

*The Southborough Education Foundation (SEF)* is a non-profit organization whose mission is to provide funding for innovative and challenging programs for students in the Southborough Public Schools. SEF allows the schools to expand and develop new programs that would not be available through the regular school budgets.

SEF has awarded more than \$120,000 to the schools in its seven years of existence. Many of these awards led to the establishment of popular ongoing programs such as the owl pellets study, the building of learning environments (the school gardens) and the expansion of existing programs (purchase of musical instruments). SEF awards fill an important need in the school environment, particularly in these times of budget restraint.

Financial support from the Southborough community makes the Education Foundation possible. Please consider making a contribution if you haven't in the past. For those who have made contributions, thank you once again for your generosity and please consider joining us once again in "Striving for Educational Excellence" for the children in the Southborough Public Schools.

I am proud to make a tax-deductible contribution to the Southborough Education Foundation, PO Box 365, Southborough, MA 01772
